Born 1987
French Citizen,
Married, 3 children

I'm a generalist software engineer with loads of curiosity, enthusiasm and energy. What are we building today ?

Academics

2019 - 2022 (est.)	**Cornell University**	*Master Beekeeper Program*
2006 - 2010	**Ecole Polytechnique**	*Masters in Computer Science*

Contracting activity

2020 - present	**lantern.so** *automatic insight generation on product data. YC-funded, engineer #1, responsible for the ingestion and data processing infrastructure*
2016 - 2020	**logichub.com** *detection, classification and prevention of security breaches at scale. working with US (both coasts) & India teams, building the data processing pipeline and managing its deployment on-prem*
2013 - 2016	**sumologic.com** *worked with the Search Performance team to design and implement a real time log ingest and search component that handles 5Tb+/day. designed and implemented a metrics collection and storage platform handling 2M dps from Kafka to Cassandra, deployed in AWS*

Entrepreneurial activity

2019 - present	**hivyleague.com** *distributed apiaries on airfields, managed via an iPhone app, custom hardware and ELK-based dashboards. building hardware dedicated to managing the varroa mite in honeybees colonies*
2011 - 2013	**besport.com** *cofounded a sport social network, hired a team of 9 engineers, raised 1.2m$. company relocated in Paris, still active*
2010	**corefarm.com** *3d rendering farm for Blender 3D in AWS. 100 users, commercial failure, opensourced*

Other

— FAA commercial pilot (CMEL/IR), French ultralight helicopter pilot, 850 hours total time
— hobbyist-level electronic design, mostly for analog modular synths
